The Allplan internal price goes to user [bkarzel](#) from technical support in munich who won this in the last minute with a 2:1 for portugal but with lots of followers in his neck: Until the 105 minute this price could go also to [pstoeklhuber](#), with a 0:0 bet. And with a But they all just won because the best user macx did not made any bet in any of the finals so he lost 15 chances to make a bet.
